先修課程 Prerequisite					
課程目標 Course Objectives					
This course provides the core theories and practical concepts of business ethics. The course emphasizes the reality of today' s global business community and shows that geography, culture, and time contribute to ethical concepts and constructs. A consequence is the necessity of ethical decision-making. The course seeks to help students recognize legal and moral issues, reason through the consequences of different courses of action, and promote social responsibility. The course emphasizes connections between topics such as ethical theories, legal responsibilities, the prioritization of stakeholders, and corporate social responsibility.
