課程名稱(中文) Course Name in Chinese	生產與作業管理				學年/學期 Academic Year/Semester		112/1	
課程名稱(英文) Course Name in English	Production and Operations Management							
科目代碼 Course Code	IMM0070	系級 Department 碩士 & Year		開課單位 Course-Offering Department	資訊管理學系			
修別 Type	選修 Elective	學分數/時間 Credit(s)/Hour(s)			3.0/3.0			
授課教師 Instructor	/黄郁文							
先修課程 Prerequisite								

課程描述 Course Description

The course provides an introduction to the concepts, scope, strategy, design and operations of manufacturing firms and service organizations. The course integrates various areas in quality assurance, product/service design, facility layout, operations processes, material and time allocation, and considers the strategic, tactic, and operations activities of transforming resources into value-added outputs. The issue of competitiveness is addressed with a global perspective. The course also covers analytical methods that are useful in enhancing the management of a firm's operations.

課程目標 Course Objectives

The course provides an introduction to the backgrounds, concepts, analytic methods, and application areas that are useful and important in managing the production and/or service operations of a firm.

	系專業能力 Basic Learning Outcomes	課程目標與系專業能 力相關性 Correlation between Course Objectives and Dept.'s Education Objectives
A	培育具備創造與思考能力、服務精神、團隊合作以及國際觀Nurture ability regarding creativity and thinking, spirit of service, teamwork and international view	•
В	培養具備資訊專業知識與技能Nurture professional ability and skill regarding information	
С	培養具備資訊科技與管理領域之知識整合應用能力Nurture integrated ability regarding information technology and management	
D	培養具備解決問題之資訊剖析、組織、整合、應用以及表達的能力Nurture ability of information analysis, organization, integration, application, and expression regarding problem solving	0
Е	培養具備獨立研究、領導智能與資訊創新的能力Nurture ability regarding independent research, leadership and information innovation	0

期末考成績 Final Exam	20%	>							
作業成績 Homework and/or Assignments	25%						~		
其他 Miscellaneous (Cases)	35%			~	~		~		

評量方式補充說明

Grading & Assessments Supplemental instructions

The course will be in a mixed lecture-discussion orientation led by the instructor. All the course materials including homework assignments, case arrangements and announcements will be released through NDHU students' email accounts.

Exams: Midterm and Final

Homework Assignments: Students should submit individual work (hard copy) toward the assignments unless otherwise specified. Assignment will be announced one week before the due date or earlier. Cases: The material of the cases will be based on, but not limited to, the text book. A group of 2 students (depending on class size) will be randomly designated as the presenters of an assigned case. Each assigned case is required to have a 10-15 minute in-class presentation by ALL the designated student(s); other students will be the discussants. As a discussant, each student should prepare your individual report within 2 pages. Students need to email your case/discussant's report to the instructor one day before the case is going to discuss in the class. Take Case 4 as an example: The due date for the case/discussants' report of Case#4 is 2022/10/23 (before 11pm). The file name of your discussant's report has to save as

"student ID_student name_Case#?" in a format of PDF.

Case preparation: Students are to extend the case to include relevant industry/company information for updated discussion. Quality of case report is assessed based on the analysis of the case itself (1/2) and the extended material (1/2).
