課程大綱
Course Outline

This course introduces students to the environments and operations of international business. The course emphasizes on comparative environmental frameworks, theories and institutions, the world financial environment, global strategy, structure and implementation, and managing international relationships. The course teaches students about integrating analysis of the competitive environment and the internal resources of the firm and thus provides a strategic view of international business. In the first half of the semester, the course will primarily focus on the differing cultural, legal, political, and economic environments of international business and how these affect a firm. The second half of the semester will focus on the strategies for entering, managing, and conducting international business.

資源需求評估 (師資專長之聘任、儀器設備的配合 . . . 等)
Resources Required (e.g. qualifications and expertise, instrument and equipment, etc.)

Teachers with related knowledge.

課程要求和教學方式之建議
Course Requirements and Suggested Teaching Methods

Mainly on teaching in classroom with group discussion
