#### 課程描述 Course Description

Financial knowledge is becoming increasing important in recent decade, especially after the sub-prime mortgage crisis. This course is an introduction to corporate finance. It covers the theories and practices of decision making within firm. Other interesting topics will be discussed in class.

Class etiquette: Experience indicates that students with regular attendance of class have higher grades than those who did not. Followings are basic class etiquette. No laptop computer, iPad and cellphone are allowed during lecture unless with special permission. Turn off your mobile phone before class. No loud chatting allowed in the class. Having food or drink in the class is not encouraged. If you are late for the class for more than 30 minutes, please do not enter the class room. If you miss more than three classes, your semester grade will be at least D, depending upon your severity of truancy. Any irrational behavior in the class will not be tolerated. Any violation of the class etiquette will be penalized by reduction in your grade.

#### 課程目標 Course Objectives

The objective of this course is to provide a rigorous introduction to the fundamental principles of asset valuation, capital budgeting, capital structure, dividend policy, option pricing models applied to corporate finance, market efficiency, and special topics on Finance. The course is designed to provide students with the tools that are necessary to analyze the financial issues presented in the class.
