先修課程 Prerequisite					
課程描述 Course Description					
This is an advanced course in Open Economy Macroeconomics. Students are required to write a term paper and take the midterm and final exam. The textbook should not be the only source of obtaining knowledge for international finance. Taking class notes, reading journals, newspapers, magazines, and browsing websites of related topics are highly recommended					
課程目標 Course Objectives					
Events in the international monetary and financial markets such as the Asian financial crises, European monetary union, Mexican peso devaluation ... have had impacts not only on a single country but on a broader region. Having knowledge in the field of International Finance is becoming more and more important in this modern world. This course intends to cover the topics ranging from exchange rate systems, balance of payments, international financial market integration, and economic policy under an open economy framework. It will provide students who are interested in advanced study with a solid background in Open Economy Macroeconomics. For students who are ambitious in the growing global business, it will also offer basic knowledge tools for business and investment decisions in the future
