課程描述 Course Description											
The objective of this course is to investigate the philosophy, history and development of the auditor's attest function, with an emphasis on practices and current literature. This subject involves an appraisal of the theoretical and empirical literature relating to various topics in auditing. In so doing, it draws extensively, but not exclusively, on studies carried out within the role of audit, the value of audit service, the demand and supply of audit market, auditor independence, audit quality, audit pricing, industry specialization, the role of audit committee, internal control, and auditors' legal liabilities, etc. The course materials consist primarily of professional standards (both from the AICPA and PCAOB), empirical research, and case studies on selected topics in auditing. After completion of this course, students are expected to gain the following:     1. An understanding of the economic nature of audit quality.     2. Gaining insights on topics related to audit quality.     3. An understanding of theoretical and empirical research methodology in auditing.     4. The development of research ideas in auditing.     5. The ability to work in teams and communicate concepts orally and in writing. <b>####</b> Course Objectives

其他補充說明 (Supplemental instructions) 國際商管認證說明:學院使命、教育目標、學習指標 在AACSB國際商管認證的諸多環節中,學習成效確保(Assurance of Learning, AOL)可謂其重中之重的一部分。 AOL可概述為設計或檢討出一套有效的學習成效評價體系,透過全院師生的共同努力,試圖將學生的教育成效提升至 與學院的教育使命 (Mission) 和各學制與系所的教學目標 (Learning Goals) 和目的 (Learning Objectives) 一 致。其中,學院的教育使命與各學制與系所的教學目標和目的環環相扣、緊密連結,並以精心選出的種子課程評測同 學的學習成效是否達到所對應的目標與目的。 以下為國立東華大學之學院使命以及本課程所對應之學習目標與目的 AACSB information: College Mission, Learning Goals, and Learning Objectives College Mission The College of Management (COM) emphasizes internationalization, education, and localization, which shapes its mission to cultivate outstanding management and academic talents who are aware of the impact of globalization and ethical issues and can integrate a diversity of knowledge and possess the analytical decision-making and execution abilities to build a brighter future. Students can achieve the five learning goals derived from the school mission, including LG1-integration of a diversity of business and management knowledge, LG2-analytical decision-making ability, LG3- execution, LG4-global vision, and LG5-ethics. This course covers essential topics of research methods in the field of Advanced Auditing to help graduate students achieve LG5, which is measured by the LO 5.1 and LO 5.2. Learning Goal (LG5): Ethics Learning Objectives (LOs): 5.1 Recognize the impact of professional ethics on business; 5.2 Equipped with the ethics of a specialization or profession. Measurement: The evaluation of the learning effectiveness of the course includes two parts. The group presentation is mainly for L0 5.1, and the individual presentation and report are mainly for L0 5.2. The following rubrics will be used to evaluate the students by the group presentation and individual presentation and report for the intended learning objectives of AOL. LO 5.1- Recognize the impact of professional ethics on business. Needs Improvement: Show little evidence in recognizing the impact of professional ethics on business in domains of dilemma identification, stakeholder's interest, and ethical corporate policy and decision. Satisfactory: Recognizes the impact of professional ethics on business in domains of dilemma identification, stakeholder's interest, and ethical corporate policy and decision. Exemplary: Clearly and comprehensively recognize the impact of professional ethics on business in domains of dilemma identification, stakeholder's interest, and ethical corporate policy and decision. LO 5.2- Equipped with the ethics of a specialization or profession Needs Improvement: Show little evidence of ability to make ethical managerial decisions/plans or choose ethical actions of a specialization or profession. Satisfactory: Able to make ethical managerial decisions/plans or choose ethical actions of a specialization or profession. Exemplary: Distinguished ability to make ethical managerial decisions/plans or choose ethical actions of a specialization or profession.
