課程描述 Course Description

This course aims to explore the diverse currents of thought in contemporary art and their interdisciplinary influences. The curriculum covers postmodernism, postcolonial theory, aesthetics and cultural theory, as well as virtual reality and artificial intelligence. Students will delve into issues such as gender, identity, body politics, globalization, and environmental ecology, while understanding the social practice of art and public art. Through lectures, academic discussions, literature reviews, field trips, and project-based creation, students will develop critical thinking and practical skills. The course emphasizes interdisciplinary research methods, promoting integration, innovation, and practical research across fields such as art, technology, society, and philosophy.

課程目標 Course Objectives

- 1. To deeply explore contemporary art currents and their interdisciplinary impacts.
- 2. To understand the theories and practices of contemporary interdisciplinary art.
- 3. To cultivate students' critical thinking and practical abilities.
- 4. To enhance students' research capabilities in interdisciplinary art theory and practice.
