課程目標 Course Objectives					
<p>The objective of behavioral accounting is to understand, explain, and predict human behavior in accounting situations or contexts. Behavioral accounting takes into account key decision-makers' experience and incentives as part of the evaluation of a company. It also examines how accounting practices and processes, in turn, affect the behavior and processes of personnel working in a company. The course is designed to expose students to a selection of behavioral and experimental research in accounting, auditing and taxation. Students should leave this course with a basic knowledge of behavioral research and be better able to create, analyze, and critique such research. This course may also help students identify a dissertation topic.</p>
