課程描述 Course Description				
The class discussions will be cantered around one papers each session. A brief handout of your presentation should be distributed to the class at the start of class. I also plan to distribute a list of topics and papers that we will not cover in the class. The objective is two folds. First, the financial accounting area is vast and I had to make choices regarding what should and should not be discussed at the class. Second, the list is a good starting point to probe further into any of the areas covered, should you be interested in pursuing those areas for a term paper or a thesis.
